Excellent weather brought a record number of students and faculty out to McLain park for K-day. The MTU skydiving club dropped in from overhead supplying an added attraction and considerable excitement to the day.

The major highlight of K-day this year was the Tech's students attempt to break the Guinness Book of World Records, record in the lap sit. The students also had a chance to get back at the professors of MTU in a student-faculty softball game. Plenty of food and refreshment were on hand thanks to the excellent planning of the Interfraternity Council.

Bums in the streets, bums in cars, bums in parades, it's a bum's world for Michigan Tech every Homecoming season. The Hobo Mixer was the event that really brought bums out of the closet. Lambda Chi Alpha fraternity took first place in the Hobo King and Queen contest with their charming duo.

Joe Hohner

The weather was cold and snowy but the competition was red hot. Melanie Larsen was MTU's Homecoming queen. Phi Kappa Tau took first place in class A skits and Sigma Tau Gamma nabbed a first in the Hobo luncheon competition. The fastest Pyramid builders turned out to be DHH. Phi Kappa Tau proved to be the fastest root beer chuggers and DHH the best bed racers and strongest in the tug of war!

WATCHING, WINNING, AND DOING . . .

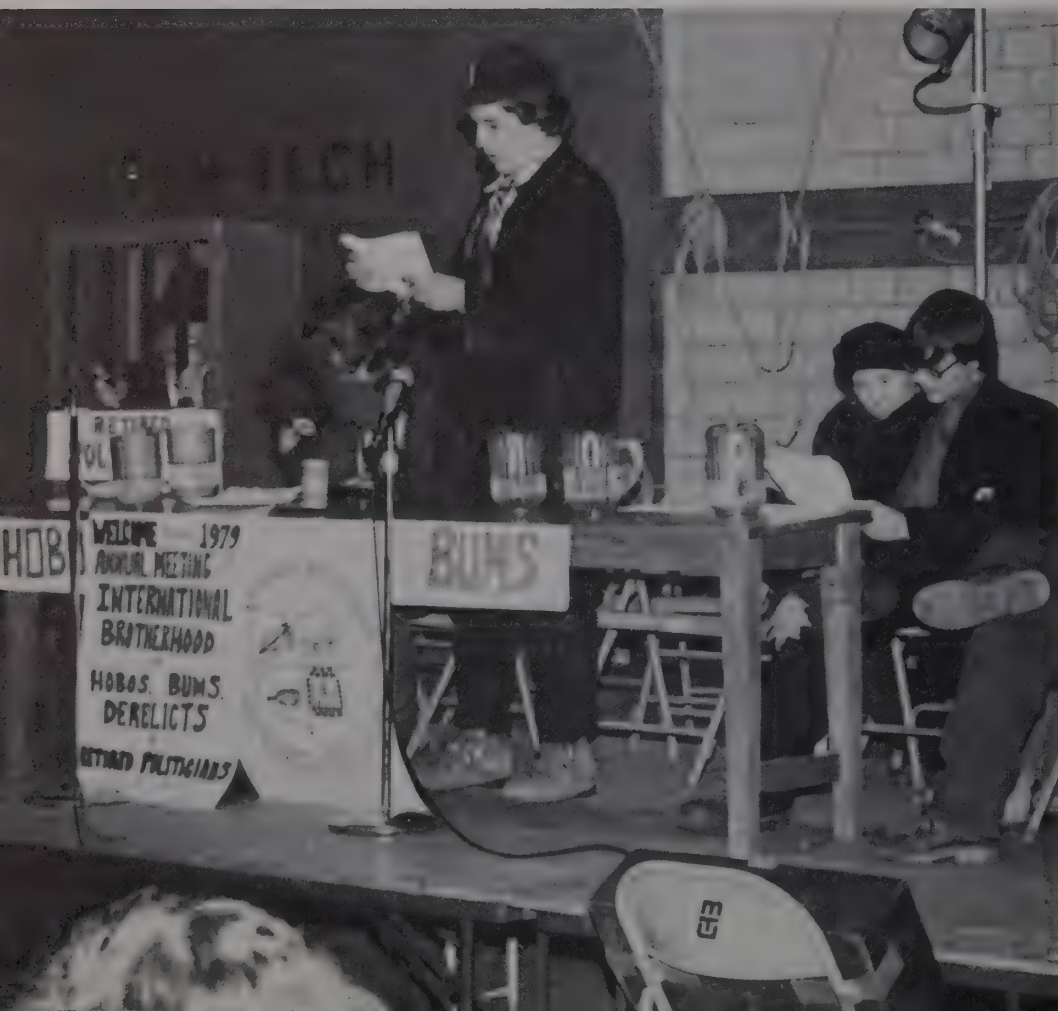

The Michigan Tech Huskies made the Homecoming weekend complete by posting a 26-24 victory over the Bemidji Beavers. Back-up quarterback Mike Renner was 6 for 14 passes, for a total of 113 yards and Creston Gray freshman quarterback carried the ball 24 times for 104 yards. The Huskie defense was led by Buday and Gitter with 16 and 15 tackles respectively.

. . . AND THIS IS WHAT WE DO IN COLLEGE!

Whatever the occasion, the students at MTU rise to it in a creative and innovative manner! Not even the adverse weather conditions could keep people from going out and giving it their best in the Homecoming activities. It's what makes da Tech unique — it's students!

The books are slammed shut (all too temporarily), warm clothing bundled on, shovels, pails, hoses, snow fencing dug out of storage and the students of Michigan Tech begin another Winter Carnival. So much to think about! Will these boards support the snow weight? How are we going to get up that high to carve the top of our statue? Well folks, this ain't called an engineering school for nothing!

A piece of cake, right? What's so hard about getting up in front of 300 or more people to sing, perform, play a musical instrument, or any other thing by yourself for ten minutes? Add to that the seemingly simple feat that the contestants must appear poised, calm, and relaxed. A piece of cake? Well, maybe not!

Huskie Harriers 1979-80

The Year in Sports

Michigan Tech's year in sports had its mix of high and low points. While Tech's football and hockey teams struggled to break even in the season, Tech's basketball Huskies dominated the conference taking the championship crown in the Northern Intercollegiate Conference. Tech's swim team captured a 9-1 record, while Cross Country's Mike Ostrenga ran Tech's course in record time.

FOOTBALL

Coach Jim Kapp's football Huskies couldn't put together the needed wins to dominate their last year in the NIC. The Huskies managed to play their best against the best teams in the league, but were unable to put together more than a 4-4 NIC record and a 4-6 overall record.

Bright spots for Tech included their defeat of fourth ranked Minnesota Morris and performances by freshman wide receiver Creston Gray. Tech will miss the fine performance by seniors Jeff Huffman and Tim Bedinis who made the all-NIC team. The 1980-81 season will see a new team with a new field, in a

tough new league.

HOCKEY

The Hockey Huskies couldn't come up with the sweeps needed to better their 18-18-2

record. Senior Gord Salt was unable to play for much of the season due to a back injury, and his scoring expertise was greatly missed. Defenseman Tim Watters left to play on the Canadian Olympic team, which left Coach John

MacInnes with a young team lacking in consistent scoring and a team leader on the ice.

High points in the season included Tech's defeat of Michigan at the GLIT hockey tournament over Christmas break which was played for the first time in the new Joe Louis Arena in Detroit, Michigan. Coach MacInnes captured his

500th win during Winter Carnival against North Dakota, and on February 22 he became the winningest coach in collegiate hockey history with his 502nd win after his defeat of Denver 5-1.

BASKETBALL

Coach Bill Gappy's

basketball team brought fame to Tech with their capturing of the NIC championship. The Huskies dominated the latter half of the season to take first place in the NIC with a 16-2 conference record and a 22-5 record overall. Tech was ranked as the top defensive team in the NIC and Senior Russ VanDuine was named to the all-conference First-Team. Senior Mike Susko was named to the all-conference Second-Team. Coach Gappy took Coach of the Year honors.

The Huskies were denied a play-off berth, however despite their fine record due to a technicality. The Huskies will

look forward to a new start in the new conference after posting a fine final season.

VARSITY SKIING

Always obscured on the campus sports by snowstorms and the like, Tech skiers once again came through with some strong performances in competition.

The greatest improvement was shown by the women's Alpine team, as they moved into a second-best Midwest finish and were 14th in the national rankings. Melissa Papworth, a junior transfer student, led the squad by

making the Mid-America team in both events and raced in the national finals along with freshman Ann O'Brien and sophomore Mary Scherer.

Cross Country skier Milan Basic continued to be the mainstay of the men's program, which ended up third in the Midwest NCAA Regional. The junior finished among the top five all season and was a Mid-Am team selection. He and Kevin Posaas, a first-year alpine skier, both competed in the NCAA finals. Senior Mike Johnson was the top giant slalom skier on the team, with junior Kurt Larson being the top slalom point man.

CROSS COUNTRY

Tech's runners had a good season with decisive victories against Northern Michigan and Lake Superior State and a fourth place finish in the NIC. Mike Ostrenga set a new course record at LSSC with a time of 26:13 for the five mile Laker course. Tech travelled to Bemidji for the conference meet in late October and tied with Bemidji State for fourth place in the conference.

MEN'S TRACK

Despite an eighth place conference finish to their season, the Huskie harriers managed some decisive victories despite their poor training conditions. Tech captured first place in the St. Norbert Invitational Track Meet and the 11th Annual Viking Relays at Lawrence University.

Tech was forced to train indoors and on the roads because Engineer's Field was not cleared of snow early in the season. Despite this setback Tech managed to put forth a strong team effort in their meets. Unfortunately, the Huskies could only manage 10 points at Aberdeen, SD for the NIC conference meet which

only netted them an eighth place finish in the conference.

MEN'S TENNIS

Tech's men's tennis team had a strong season, ending with an 8-4 record and a fourth place finish at the conference match. Coach Verdie Cox was honored with Coach of the Year honors for the second year in a row.

SWIMMING

Tech's swim team had a fantastic season with a 9-1 record overall and a fifth place finish in the conference. Tech's lone defeat came at the hands of Northern Michigan late in

the season. Coach Lee Ann Schnieder put together a strong team despite the team's lack of bench strength. All of the swimmers were forced to provide all-around depth in order to compete as successfully as they did. Coach Schneider will be looking to an even stronger team next year as she is not losing any of her squad.

WRESTLERS

Tech's matmen enjoyed a fairly successful season of invitationals. Tech captured second place in the Lumberjack Invitational at Northland College and second place honors went to the Huskies at their own Copper Country

Invitational.

The Copper Country Invitational was a huge success and many teams expressed a desire to return again next year.

GOLF

The golf team ended in fourth place in the NIC in a conference match which was held at the Huskie's home turf, the Portage Lake Golf Course.

WOMEN'S VOLLEYBALL

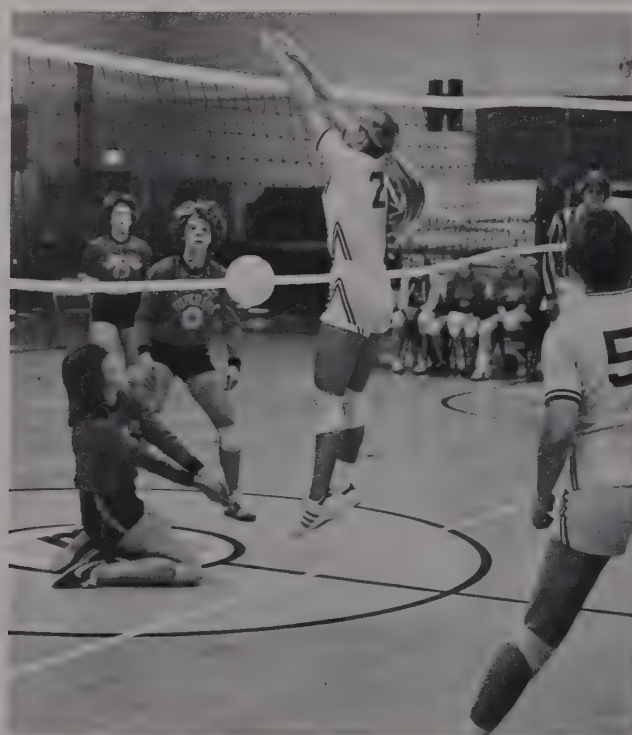

Tech's women's volleyball team couldn't manage to break above a five hundred mark for the season winning three straight at times then losing five straight immediately after. The Huskies were in a highly competitive season this year, but will have more competition next year in the GLIAC conference.

WOMEN'S BASKETBALL

Although the women's basketball team saw much improvement in the season, all they could come up with was an 8-14 record. Though talented the cagers couldn't see, to kick their season into gear.

A talented D.J. Evans earned herself a place on the All-State team with an individual record of 242 points and 131 rebounds for the season.

Next season should prove to be a challenge to Coach Lea Korri's cagers in the new conference.

Critical Memorandum

Now is the time all those hard years of studying at the Library will finally pay off. Those long nights wearing your elbows ragged turning the endless pages of the Encyclopedia of Fine Wines, the Dictionary of Culinary Delights, Big Jon's Collection of Favorite Cocktails, the Book of Better Beers, and the Sociological Benefits and Educational Insights of the Consumption of C_2H_5OH .

It's on to bigger and better reasons for drinking. Big Jon, the staff and management of the Library would like to wish all the 1980 Graduates a full glass of happiness and a long drink of life.

“Our five locations are the five good reasons more and more people are banking with us. I manage them all.”

Walt Sauer, *President*

Your convenience: it's important to us at The Merchants and Miners Bank. So we try to build our offices where you live. Because that means we'll be there when you need us. Nearby. Right next door.

Looking out for your convenience means we work the kind of hours that will help to make your banking a little easier. And if that takes staying open later on Fridays, or Saturday mornings, then fine. We're glad to be able to do it.

Whether it's maintaining five offices for you to bank at or working a long week, our reason's the same: to see to it the people of the Copper Country are better served. To all of us at The Merchants and Miners Bank, that's what's most important.
